Adam Basanta: Every Beloved Object

Date and Time: Saturday, May 13 10:00 am - 4:00 pm

Address: 143 Simpson Avenue, Bowmanville

Adam Basanta's Every Beloved Object returns to ancient architectural techniques as it looks toward new systems of human consumption. By returning to basic motions of trash collection and architectural assembly, we reflect on our early origins to create new monuments to everyday debris.

Every Beloved Object is a multimedia exhibition exploring the intersection between ancient ruins, recycling technology, and contemporary waste. Fragments are valued in archeology because they uncover more about human behaviour than lavish gems or relics. Trash becomes artifact. A potshard may reveal archaic customs around communal gathering, a broken seal may illustrate sacred mythology or trace trading routes across newly divided landscapes.

Heather Nicol: Prelude/Requiem

Date and Time: Saturday, May 13 10:00 am - 4:00 pm

Address: 143 Simpson Avenue, Bowmanville

Heather Nicol's newest audio work *Prelude/Requiem* positions itself at both extremes of the human life cycle. Built upon songs for lulling infants to sleep or easing passage into a final resting place, this immersive sound installation uses multichannel audio and light to encourage introspection across oral cultures.

Adam Basanta: Every Beloved Object

Date and Time: Saturday, May 20 10:00 am - 4:00 pm

Address: 143 Simpson Avenue, Bowmanville

Adam Basanta's Every Beloved Object returns to ancient architectural techniques as it looks toward new systems of human consumption. By returning to basic motions of trash collection and architectural assembly, we reflect on our early origins to create new monuments to everyday debris.

Every Beloved Object is a multimedia exhibition exploring the intersection between ancient ruins, recycling technology, and contemporary waste. Fragments are valued in archeology because they uncover more about human behaviour than lavish gems or relics. Trash becomes artifact. A potshard may reveal archaic customs around communal gathering, a broken seal may illustrate sacred mythology or trace trading routes across newly divided landscapes.

Heather Nicol: Prelude/Requiem

Date and Time: Saturday, May 20 10:00 am - 4:00 pm

Address: 143 Simpson Avenue, Bowmanville

Heather Nicol's newest audio work *Prelude/Requiem* positions itself at both extremes of the human life cycle. Built upon songs for lulling infants to sleep or easing passage into a final resting place, this immersive sound installation uses multichannel audio and light to encourage introspection across oral cultures.

Bowmanville Farmers Market Grand Opening Event

Date and Time: Friday, May 26 9:00 am - 3:00 pm

Address: 2440 Highway 2, Bowmanville

It's time to celebrate! 🎉

Join us for the Grand Opening of the Bowmanville Farmers' Market on May 26th!

There will be plenty of fun activities for the whole family, especially for kids between 10AM and 1PM including free face painting, balloon twisters, airbrush tattoos, a farmer stilt walker, and a raffle for all visitors with a chance to win a basket full of products worth over \$800! Plus, the first 50 people to arrive will receive free swag bags with products and discounts from our vendors.

Come back every Friday until October 20 (July 14 excluded) and explore more than 45 vendors offering fresh produce, dairy, meats, eggs, ready to go meals, flowers, ready to go meals, handmade crafts and more. Located in the Garnet B Rickard Recreation Complex parking lot, it's the perfect place to find something special for yourself or a loved one.

We can't wait to see you there! 🎊

Don't forget that you have an option to place your order online at www.bowmanvillefarmersmarket.ca and have it delivered to your door! Supporting local and getting the best quality products was never easier!

Soper Creek Wildlife Rescue's Baby Shower

Date and Time: Sunday, May 28 9:00 am - 4:00 pm

Address: 6706 Gibbs Road, Bowmanville, ON L1C 6A6

Celebrate the arrival of hundreds of babies at Soper Creek Wildlife Rescue's Baby Shower.

Spend 2 hours here at the wildlife center at our baby shower where 100% of the proceeds go back into purchasing all of the necessary formula and supplies that these dependent little creatures need to get back into the wild!

What will your adventure look like?

Station #1 - Tour of the Wildlife Center and our enchanted forest. Learn about our organization all while meeti

ng the ones who call us their fur ever home.

Station #2 - Hike and Life Cycles - Enjoy a peaceful hike through the forest, stop and listen to the wildlife around you. Can you hear any baby animals? An activity in the forest will teach you about the life cycle of butterflies and frogs. An amazing activity will have you building a nest for your whole family to fit in!

Station #3 - A visit to Soper Creek Wildlife Rescue wouldn't be the same without a fun craft for the little ones and a challenging trivia game for the adults. All baby related of course!

Station #4 - To round out your visit you will get to meet and interact with one of our famous Animal Ambassadors. You never know who you will meet - it's a surprise!
Learn how we care for babies - Everything baby - Learn about what baby mammals and birds need for care when they come in, how are they different, how are they the same, even learn how to make the formulas we use! We have a fun baby matching game to wrap up this activity station.

Don't forget to make sure you have the best day possible, we are keeping our groups small - 20 people at each starting time!

Adam Basanta's Every Beloved Object returns to ancient architectural techniques as it looks toward new systems of human consumption. By returning to basic motions of trash collection and architectural assembly, we reflect on our early origins to create new monuments to everyday debris.

Every Beloved Object is a multimedia exhibition exploring the intersection between ancient ruins, recycling technology, and contemporary waste. Fragments are valued in archeology because they uncover more about human behaviour than lavish gems or relics. Trash becomes artifact. A potshard may reveal archaic customs around communal gathering, a broken seal may illustrate sacred mythology or trace trading routes across newly divided landscapes.
